On January 31, 2006 California Insurance Commissioner John Garamendi issued a Notice of Proposed Action proposing to adopt Title 10, California Code of Regulations, Chapter 5, Subchapter 4.75, Article 1, section 2636. The proposed regulation will implement guidelines relating to the rates charged for policies of residential property insurance and will establish certain acknowledgements to be made pursuant to the sale or renewal of a policy of residential property insurance.

Pursuant to the requirements of Government Code Section 11346.8(c) the California Department of Insurance is providing notice of changes made to the proposed **RH06050472 Experience Rating in Residential Property Lines of Insurance** which was the subject of a regulatory hearing on April 13, 2006 and written and oral comments were received.

This Notice will also serve to identify for the public those additional documents that the Commissioner intends to rely upon.

PUBLIC COMMENT INVITED:

The Commissioner has proposed changes to the text of the regulations in response to public comments and now solicits written comments on those changes only, which are attached. Comments submitted on unchanged portions of the proposed regulations will not be considered.

The Commissioner believes the changes made are either nonsubstantial or are sufficiently related to the original text that the public was adequately placed on notice that the change could result from the originally proposed regulatory action. Accordingly, pursuant to the provisions of California Government Code section 11346.8(c) the Commissioner is soliciting written public comment on these changes only. A copy of the changes, with the proposed changes clearly indicated, is available for public comment for at least 15 days.
